avenue. Riding with Rumbold was Miss Xochitl Marlow, 19, of Long Beach. Neither was hurt.

Rumbold's car was pushed several feet by the impact. The rear window was smashed and the metal body damaged.

The plane continued skidding across the highway in front of eastbound traffic until it ended up on the other side of the road where it crashed into a tree.

The propeller was shattered and the landing gear collapsed.

Mason was returning from a trip to Fresno. He was low on gas and not able to head for an alternate field, he stated.

Mason, Rumbold, and Miss Marlow suffered only minor bruises which did not require hospital treatment.

## Unlicensed

Civil Aeronautics Authority investigators said that Mason, an electrician for the North American Aviation Corp., would be cited for flying an uncertified plane without a valid pilot's license and carrying a passenger without proper credentials.

Mason admitted that his license had expired and that he had taken a fellow employee to Mojave. He said he has had about 650 hours of flying time since 1937.

lice that Cogar, wounded during his boyhood, was partially crippled as a result of a shot in his head and also was subject to seizures affecting him much like epilepsy, but that recently a physician had assured him that surgery could correct the conditions.

Apparently, officers concluded, Cogar had suffered one of the seizures while in the bathtub and drowned before he could recover.

Funeral services were held Monday at the Allen-Reed Mortuary, in East Los Angeles.

Cogar is survived by his parents, Mr. and Mrs. Lewis E. Cogar; his aunt, and a younger brother.

## Additional Help

Covering more than 35,000 square feet the Food Giant Market is one of the biggest of its kind in Southern California. According to Curtis Long, manager, many extra employees have been hired to speed customers through the 14 check-stands during the four-day celebration and extra policemen will be on duty to direct traffic and assure convenient access to the market for customers.

The Food Giant market, which is owned and operated by Cummings Markets, Inc., has been serving the community for the past eight years under another name. Early in the year after extensive remodeling and expansion the Market's name was changed to "Food Giant" to conform to Cummings Markets, Inc., policy of operating only under the name of Food Giant. All personnel and management policy remained the same as when the store was first opened eight years ago.

## No Effort Spared

Theodore E. Cummings, president of Cummings Markets Inc., is a familiar name to residents of the Southeast area where has operated many supermarkets.

Our buyers have spent months scouring the market and making special purchases for this event. It is our birthday party and we want our customers to share in our success by taking advantage of the honest, money-saving specials that we are offering in each department. We are having the birthday but our customers are getting the presents."

The Food Giant will be open from 9 a.m. to 10 p.m. including Sunday.
